KZ2	MG	Yellow	Yellow	Yellow	Supp Regs
Open Performance	MG	Yellow	Yellow	Yellow	Supp Regs

* **Note:** The Yamaha engines have been removed from the KA4 and KA3 Classes (these become solely IAME KA100 Classes). TAG100 has been removed as a standalone Class. The Yamaha engines from KA4, KA3 and TAG100 have all been included in their own Class (Chapter 18 YAMAHA).

National level events will continue to be conducted on the Prime Tyres.

The organisers of the Victorian State Cup and the various State Trophy (ie City of Melbourne, North West Titles, etc) would need to nominate which of the Prime or Option Tyre would be used for their event in the Supplementary regulations.

Noting of course that those Supplementary Regulations must be approved by the State Association.

**** For some or all the Option Tyres, there will be a time lag ordering, manufacturer, shipping and delivery of the Option Tyres (as they are new and manufactured to order.) It is likely to be several months into 2019 before delivery can commence for some of the Option Tyres.***
