

Karting Victoria – Urgent Advice to all Clubs

Date: 5 August 2021

Statewide Lockdown

The Victorian Premier Daniel Andrews announced a snap seven-day lockdown at 4:15 today. This lockdown commences at 8pm today and is proposed to end at 11:59pm on 12 August 2021. This lockdown #6 imposes stronger restrictions than those already in place under Restricted Activity Directions (Victoria) (No 21).

As a result of these more stringent restrictions, no karting activities are permitted to take place during this lockdown. This includes Social Karting and Club Day Competition.

The recent lockdown #5 was extended likewise and there is no guarantee that this seven-day lockdown #6 will necessarily end at the proposed time of 11:59 12 August 2021. This situation is very fluid, and we will monitor all information as it becomes available and will provide further advice based on that information.

This is very disappointing, but obviously beyond the control of any of us.

Stay strong and stay safe.

Yours in Karting
